

Portland, Oregon

Member Jerry Heermans, writes us that he is very interested in steam outboards, and once was a member of such a club. He has in his possession a copy of an 1887 U. S. patent on a steam rig.

I'm sure he would like to learn of others, so members, drop him a line.

Collector of Old Outboard Motors

Mr. Richard A. Howie, of 31 Hillside Drive, Easton, Conn., has a collection of "97" vintage outboards, many of which are rare, such as The Indian Silver Arrow, Thor, Waterman and Motorgo. Also a collection of magazines dating back to 1897.

We are very proud to have Mr. Howie as a member.

Doctor in the Club

We are very fortunate in having Dr. Verne L. Brechner as a charter member in The Antique Outboard Motor Club. We may need his services when we start up these old motors.
