- *NOTE: 1. By experience in the field, the best wheel for average racing.
 2. A "Machined-Pitch" propeller. Precise accuracy guaranteed.
 3. Suggested for lightest outfits and time trials.
 4. Suggested for runabout racing.
 5. Propeller for converting motor from racing to medium or average service.

**NOTE: Any racing wheel can also be furnished in *Stainless Steel*, the perfect racing material, at 2½ times the bronze list. Ten days required for delivery.

NOTE: If you do not find the size wheel you desire above, write us. New tests are constantly being made and new sizes added.
