

A famous forerunner of today's sleek and powerful outboard motors was the 1911 Evinrude "Single". Often referred to with varying degrees of effect-
ion as a "Knuckle buster," this model developed 1-1/2 horse power,
weighed 54 pounds and sold for \$75 in 1911. Contrasted with it's 53 year
old predecessor is Evinrude's new 90 horsepower model .
