## SPECIFICATIONS

**Motor**—High speed twin cylinder, two-stroke, three-port type. Bore  $2\frac{1}{2}$ " stroke 2". Piston displacement 19.63 cu. ins. Motor speed 4500 R.P.M. Gear reduction to propeller 100 to 60.

**Cylinders**—Exclusive *Indian* Silver Arrow cast iron cylinder sleeves. Cylinder heads and water jackets of heat treated aluminum alloy. Hot Head Motor design.

**Connecting Rods**—Carefully balanced phosphor bronze; extra large bearings on crankshaft and piston wrist pin.

**Pistons**—Special *Indian* aluminum alloy fitted with two piston rings, designed for maximum performance with *Indian* Hot Head cylinder.

**Crankshaft**—Nickel steel forging, balanced. Hardened and ground to mirror finish. Main bearings  $15/16$ " dia.;  $2\frac{1}{2}$ " long. Crankshaft bearings,  $15/16$ " dia.;  $1\frac{3}{16}$ " long.

**Ignition**—Waterproof high tension Bosch fly wheel magneto with cut-out button.

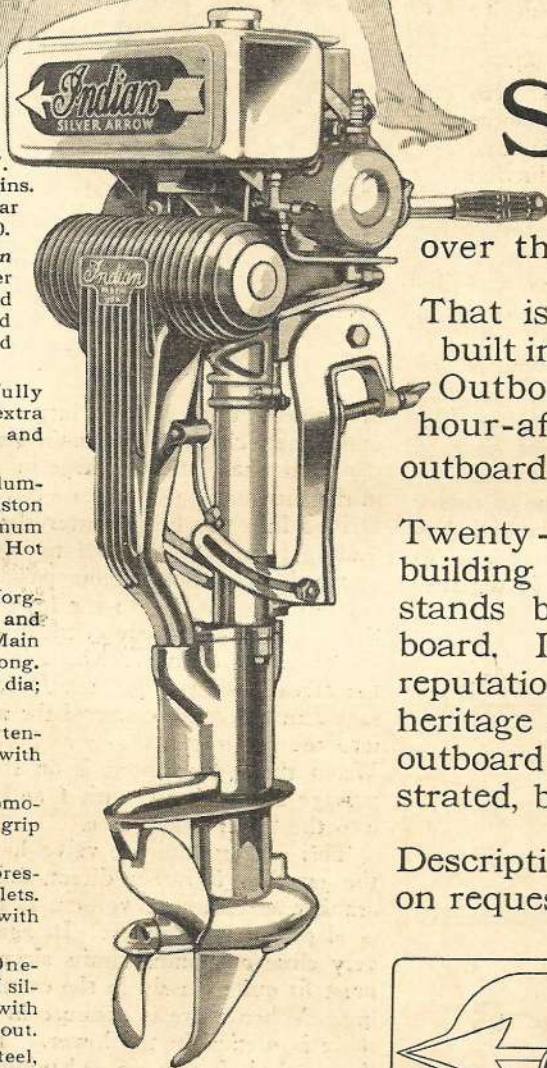

**Carburetor**—Tillotson automobile type; *Indian* handle grip control.

**Cooling System**—*Indian* pressure type with visible outlets. No pump or valves used with this system.

**Underwater Exhaust**—One-piece silencer constructed of silicon aluminum alloy. Fitted with heat dissipating fins and cut-out.

**Propeller Shaft**—Stainless steel, heat treated, ground; runs on bronze and ball bearings.

**Gears**—Heat treated alloy steel. Pinions, twelve teeth; gears, twenty teeth.

**S**OME of our native Indians could run unbelievable distances. Mile after mile for hours at a time they sped over the country.

That is the sort of stamina we have built into the New *Indian* Silver Arrow Outboard . . . the sort of persistent hour-after-hour performance that the outboard enthusiast demands.

Twenty-seven years of experience in building motors for *Indian* Motorcycles stands behind the Silver Arrow Outboard. *Indian* Motorcycles have a world reputation for endurance . . . a splendid heritage now shared by this great new outboard motor. See it . . . have it demonstrated, before you buy any motor.

Descriptive literature and dealers' names on request. Service stations everywhere.

16 FT. RUNABOUT \ 40 H.P. \ 25 M.P.H. \ SEATS 5 \ OAK FRAMES \ MAHOGANY PLANKING \ DOUBLE-BOTTOM \ PRICE F.O.B. WORKS \$945

NO expert eye is needed to appreciate the beauty and detect the amazing value of the new Dodge Boats \ \ \ Though your boating lore be nil and your estimate of values based upon the simplest arithmetic, it is easy to see that equal power and speed in other boats cost more \ \ \ So much more that Dodge values have become a veritable sensation \ \ \ For instance, the sixteen foot, 5 passenger runabout, ribbed with oak, planked with genuine mahogany, driven at 25 miles an hour by its 40 horse power motor \ \ \ Those who know boat values naturally expect to find its price up in the thousands \ \ \ Actually it costs but \$945, little more than the bare outboard hulls and motors which many are discarding in its favor \ \ \ Values throughout the new Dodge fleet are without precedent \ \ \ from the 16-footer, through the 21-footer, 25-foot and 28-foot runabouts, up to Victoria Sedans at \$5300. Write for the complete Dodge catalog \ \ \ It illustrates and describes all Dodge models \ \ \ It will be sent on request.
