## WARRANTY

We warrant each new outboard motor of our manufacture to be free from defects in material and workmanship under normal use and service, our obligation under this warranty being limited to making good at the factory any part or parts thereof which shall, within three months after initial use, or within one year from date of original purchase, whichever first occurs, be returned to us with transportation charges prepaid, and which our examination shall disclose to our satisfaction to have been thus defective; this warranty being expressly in lieu of all other warranties and representations expressed or implied and of all other liabilities in connection with the sale or use of any motors.

This warranty shall not apply to any motor which shall have been repaired or altered outside the factory in any way so as to affect its stability, nor which has been subject to misuse, negligence or accident, or operated for racing purposes or operated in any other way than in accordance with our operating instructions. Nor does the warranty extend to repairs made necessary, by the use of inferior parts or accessories, or by the use of types of accessories not recommended by Johnson Motors.

We make no warranty in respect to trade accessories not of our manufacture, inasmuch as they are usually warranted separately by their respective manufacturers.

To make a claim under this warranty, contact the authorized Johnson dealer from whom motor was originally purchased or the nearest authorized Johnson dealer. Motors or parts thereof shipped to the factory for our inspection must show model and serial numbers, and must be shipped transportation charges prepaid.

**JOHNSON MOTORS • WAUKEGAN, ILLINOIS • U.S.A.**
